

MEMORANDUM

TO: All Nazarenes

FROM: Dr. Victor George, District Superintendent

RE: Update #2

DATE: March 13, 2020

Good afternoon Nazarene family,

Please be advised that the Prime Minister Dr. the Hon. Keith Rowley made an announcement while speaking in Parliament today. He said that the Government has advised a number of self-imposed cautionary measures that will slow down, delay and possibly prevent the spread of the coronavirus.

He reiterated that persons should:

1. not expose themselves through non-essential mass gathering;
2. limit exposure to public places. Only travel if essential or it is an emergency.

In light of the above, I am officially informing you that, with immediate effect, all services will be suspended. This includes any gathering today, this weekend and the week of March 16. Please stay tuned for any further updates.

Please be guided accordingly.
